KidStuff

14th Annual Golf Klassic

KidStuff-USA, Inc. was founded in 2006 to bring love and laughter into the lives of children who through disease, strife or family difficulties have special needs. We seek to discover and raise awareness of the challenges these children and their families face and work to positively affect their lives.

Our Family Fun and Fishing Festivals have become our signature program. One appreciative parent said, "These events bring joy and laughter to the children and tears to the eyes of parents."

We are excited that the proceeds of the KidStuff Klassic are committed to serving the autism community in Atlanta Metro area through SPECTRUM as well as other special need children across Georgia.

Founders Lamar and Jean Holley
